Beriyo is berry, berry good

By Janis Saunders
Democrat Food Critic

We have something new on South Main to occupy the space vacated by Roly Poly. I had noticed some activity for the last several weeks and finally, I know what is open now.

It is called Beriyo, which is a combination of the name berry and yogurt. How clever!

When I say berry and yogurt, I mean 21 different blends of fruits and TCBY yogurt. Listen to these names and see if this doesn't make you want one.

Mangolada, Mango Tango, Piña Paradise, Blackberry Fields and Citrus Beri. I could go on and on, but you need to go by and order one for yourself.

I was in there Saturday and had the Strawberry Bananza while Tom, my son-in-law, had the Mango Tango. His was a combination of mango, banana, pineapple and frozen yogurt. Guess what — the calorie count was only 220.

I took the grandsons back later in the evening and they had the Black 'n Blueberry and the Orange Oasis. They said they were grade-A good.

They also have the TCBY frozen treats as well as frozen frappes. These come in flavors like mocha, vanilla latte, coffee and caramel and chocolate. If it's cold and frozen, they probably have it.

They list shakes, sundaes, banana splits and other delights. You'll just have to go by and see what goodies they have.

The owner of the Weatherford store, Denise Pritchard, opened the very first Beriyo in Stephenville, then from there she opened one in Granbury and now one here. Denise told me they are going to open more of these stores in the Metroplex as they have been successful in other areas.

Beriyo, one of Weatherford's newest establishments of frozen yogurt, smoothies and other frozen treats is now open.

Yogurt is a big seller because it is good for you and the addition of berries gives it a taste that appeals to everyone.

You can also have an infusion of vitamins mixed in with your fruit and yogurt. You can choose a high energy vitamin-infused treat as well as calcium, protein and one called immunity.

If you can't have sugar, they have fat free, no sugar added frozen yogurt. You can take the no sugar added, mix some fruit and still have something cold, tangy and delicious. No guilt in those treats.

They are open Monday through Saturday 7:30 a.m. to 10 p.m. Sundays they open at 10 a.m. and close at 10 p.m. Their phone number is (817) 599-5552 if you would like order 10 smoothies for your family and a couple of banana splits for yourself.

Beriyo is a refreshing smoothie-type drink, but try some of their other frozen favorites.
